

THE STORY BEHIND ALL THIS

When the politicians and The White House asked us to invest years of our time and our life savings into their "green" project, we said yes. Then we found out they had lied to us and, as usual, the only "green" they were interested in was the green cash they were putting in their own pockets as "Dark Money" payola, pump-and-dump skims and kick-back cash. We were shocked to experience the fact that America still allowed such organized crime in it's governance. We found thousands of others who had been screwed over the same way. Then we found tens of thousands of reporters and investigators who were documenting these political corruption crimes. These are their reports...
